Athlete Registration

The cost of registering your athletes is €10 per person every 2 years.

Each athlete has to be registered with us to compete in our competitions and to take part in our events such as Team Ireland auditions and joint parades and events.

Athletes will also get a reduced rate if they wish to attend training clinics and camps in the future. (This only applies if the event is organised by the Irish Cheer Sport Association)

Registration cards will not be issued as this would be a lengthy project. Confirmation emails will be mailed to coaches when the registration has been processed.

All athletes must provide coaches with a copy of passports/birth certificates which in turn must be sent to the ICSA office.

Squad registration and all relevant documents must be sent with or before the athlete registration forms. (Forms are available on <http://www.cheerleading.ie>) Full fees must be sent accompanying the registration forms. If not they will be returned back to the coach.

We only accept cheques and postal orders at this time: Please make them out to:
